## **CONSENT CULTURE & PARTY RULES - T SHIRT AND BADGE GRAPHICS**

### **Guidelines for use**

It is great you are keen to use the SoundCheck Aotearoa collateral at your event. These resources can help set a culture and remind people about behavioural expectations.

You are welcome to download these images and arrange your own printing of t-shirts, badges, stickers and other collateral as needed.

Here are a few things you need to know before you get going:

- The production of these resources will be at your own cost (SoundCheck Aotearoa cannot pay to produce resources for your event).
- The use of these resources are not an indication of accreditation by SoundCheck Aotearoa.
- We ask you not sell these resources but instead provide free to people working on your event.
- These resources should always be accompanied by a sexual harassment policy\* and training\* for crew and contractors about what to do about sexual harassment. The Merlin's Pass\* system is a useful tool for larger events or workplaces.
- We ask that you implement a code of conduct for all people involved in your event so that they are clear about behavioural expectations while representing the harm prevention messaging.

\* A free sexual harassment policy template is available from <https://www.soundcheckaotearoa.co.nz/sexual-harassment-policy>

\* Information about where you can access training is available from <https://www.soundcheckaotearoa.co.nz/training>

\* The Merlin's Pass system is a sexual harassment contact system that can be used to help crew know who to talk to about problematic behaviour at an event. Guidance for setting up the system is available from <https://www.soundcheckaotearoa.co.nz/s/Merlins-Pass-Guidance.docx>
